{ any and all procedures }

7 reasons why it works

Patients love it

Designed by plastic surgery industry experts – by women, for women. A multi-media story about what patients need to know to make wise decisions about scheduling surgery.

Use in your exam or patient coordinator's room

Each presentation runs four to six minutes. Increases confidence and sets them at ease before meeting the doctor. Appropriate and honest, but not scary.

Customized

Base price includes all the procedures you want to feature, your physician photo and bio, and logo. Choose any level of customization you desire. Additional customization extra.

State-of-the-art WOW factor!

Never underestimate the power of great design and the sleek touch screen interface. These award-winning presentations increase patient confidence in choosing you! PC and MAC compatible.

Take-home CD

Include a REVENEZ CD in each consult's take-home folder or choose a custom brochure to showcase your practice. Allows your consult to show loved ones, helping to set pre- and post-surgery expectations and gain pass-along interest.

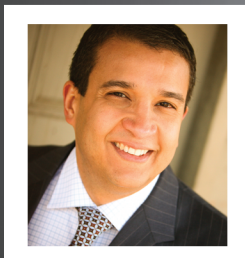

Current

Highly regarded and accepted by the medical community. New procedures and updates made regularly.

Happier patients, happier staff

An informed patient is a happy patient. Simplifies your patient education, lightens your load, and increases closure rates.

what our clients say...

“ Out of all of our marketing materials, **REVENEZ and my website are tied for the number one position** for being the most effective.”
